AYER'S PILLS.

FOR ALL THE PURPOSES OF A FAMI
FILA PHYSIC.—There has long existed a public demand for an effective purgative Pill which could be relied on as sure and purfectly safe in its operation. This has been prepared to meet that demand, and an extent sive trial of its virtures has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical Pill, but not so easy to make the best of all Pills—one which should have none of the objections, but all the advantages of every either. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system asto more than counterbalance the good to be derived from them. These Pills produce no irritation or pain, unless it arises from a previously existing obstruction or derangement is the bowels. Heing purely vegetable, no harm can arrise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the com-AYER'S PILLS. and Ague, Pain in the Side and Loins, for in truth, all these are but the consequence of diseaself action of the liver. As an aperient, they afford prompt and sure relief

In Costiveness, Piles, Colic, Dysentery, Hum fula and Scurvy, Colds, with soroness of the body, Ulcerrand impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly speceasing they have also produced some singularly successful cures in Rheumatism, Gout, Dropsey, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body and restore the wasted of discussed. the posite will no longer doubt what remedy to em when in need of a cathartic medicine. when in need of a cathartic medicine.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions see the wrapper on the Bex.
